

Crawford County Soil Health Meeting

March 4 | 9:30 am - Noon
Robinson Civic Center
300 S Lincoln St, Robinson,
Illinois 62454

The Crawford County Soil and Water Conservation District is hosting a Soil Health Meeting focused on improving and protecting soil health within the Embarras River Watershed. This event will bring together experts in conservation, watershed management, and sustainable agriculture to share actionable insights and local strategies for building healthier soils. Free lunch provided, RSVP by Feb 26.

Featured Speakers:

- **Torey Coburn – American Farmland Trust**
Sharing insights on farmland conservation and soil health practices that support long-term agricultural resilience.
- **Kate Baker – Precision Conservation Management**
Presenting data-driven findings on conservation practice performance and their associated economic outcomes.
- **Luke Zwilling – University of Illinois Extension**
Discussing soil health and its role within the Illinois Nutrient Loss Reduction Strategy, with a focus on practical approaches for producers across the Embarras River Watershed.
