NUTRIENT STEWARDSHIP FIELD DAY

TUE **AUG 19TH**

10:00 A.M.
RAIN OR SHINE

WOODCHIP BIOREACTOR INSTALL

The Edge of Field Partnership is a Collaboration between Illinois Farm Bureau (IFB), Illinois Land Improvement Association (ILICA), Natural Resources and Conservation Services (NRCS), and University of Illinois (U of I). The program was developed to deliver on common Nutrient Stewardship goals for Edge of Field Practices, including: research, Implementation, and outreach/education.

Join us for a live Woodchip Bioreactor Install. The program will conclude with expert presentations, discussion, and lunch.
